

Trampoline replacement mat and repair services

By Steven Davis

Trampoline mat forms the core area of any trampoline. The mat has to be firmly planted and sturdy enough to perform it's function. Our mats are time tested and second to none. We proudly offer Fun Spot brand trampoline parts and accessories. For the past 36 years, Fun Spot has built a reputation for producing the finest trampoline products.

We offer the industry's most tempered mats with user defined distinctive color options. Our Trampoline mats derive their strength from our core competency of in-house weaving.

Our trampoline mats are super-strong with burst strengths of 800-pounds per square inch and are sewn with 8-rows of heavy-duty UV-resistant thread and use galvanized triangular v-rings for long life.

For further enhancements we offer a variety of mat upgrades such as Performance weave, Targetted Safety Fabric, Sun Shield, Duraclips etc...For Example the special sun shield adds years to the life of trampoline mat protecting it from UV protection as they are sewn with 8-rows of heavy-duty UV-resistant thread.

Trampolines provide you with a healthy alternative to work muscles, increase heart rate and improve instinctive reflexes. The physiological benefits of trampoline exercising are impressive enough to convince anybody to undertake this form of exercise.

We also offer Trampoline replacement mats and Trampoline mat repair services good for your existing trampolines. To get your mat evaluated by one of our experts or for best mat replacement options please call us at 1-800-586-7456
